### BTEC Land Based Studies Level 1 (introductory award)

- Pupil 1 = pass (both units)
- Pupil 2 = Merits (both units)

This work was undertaken by an external provider. Evidence was submitted to Venture Academy and an external assessor was appointed by the exam board to verify the grades awarded. Pupil 2 will have the opportunity to further progress in this award throughout the coming academic year.

### Summary

All of the work that our candidates submitted as evidence was moderated by staff at Venture Academy, with the exception of English where we were able to use the services of an external moderator with a specialism in English. WJEC requested a sample of our evidence in order to ratify the grades we submitted. Every grade we submitted has been accepted without challenge, which is (arguably) a reflection of the effective processes we used when gathering and moderating student evidence.

100% of students in the KS4 class group have now achieved Entry Level 3 English.

Similarly, 100% of the same cohort have achieved Entry Level 2 in both Maths and Science and, 50% have now achieved Entry Level 3 in Maths, whilst 33% of the cohort have Entry level 3 in Science.

### Year 11 Destinations

100% of year 11 pupils went on to further education at college.
